

Dear Fellow Ostomates,

I would like to extend my sincere appreciation to all the people who have helped me turn my dreams into reality. My family, my friends, doctors, nurses, support groups and most of all I want to thank my God, without whom I would never have made such a strong comeback after my ongoing struggle with Crohn's Disease.

I am delighted to introduce OPTIONS™ Ostomy Support Barrier, a new and unique line of undergarments designed and patented especially for 'You'. I share many of your concerns, my medical situation required a number of surgeries, including a colostomy in 1978, an ileostomy in 1985 and a proctectomy in 1986. As you can well appreciate, I have had many frustrating moments trying to find products to help me cope with my functional and personal 24-hour needs concerning activity, sleep and intimacy; and my worst fear, a leak.

OPTIONS™ Ostomy Support Barrier offers a genuine breakthrough by finally providing you with a patented product that virtually eliminates leaks and satisfies your 24-hour needs for day, sleep and intimacy. OPTIONS™ provide you with 24-hour freedom, security and confidence restoring your dignity and helping to enhance and renew your perception of self and quality of life. OPTIONS™ conceals the pouch, serves as a moisture barrier and supports and contains the pouch, thereby reducing pressure on the pouch and wafer. OPTIONS™ are easy to wear; all that is required is a few simple steps to have that secure feeling 24-hours a day. All of these features were developed while maintaining high fashion, elegance and craftsmanship.

I am committed to providing Ostomates throughout the world with renewed dignity and 24-hour freedom, security and confidence, as well as a new image...thus a new sense of self. Living with OPTIONS™ has no limits.

With warmest regard,

*Dolores Y. Beaupied*

Recommendations by  
 Doctors, Nurses and Ostomates

"I thought my life was over after surgery. I was chained to my home because of leaks and a complete loss of confidence. My ET nurse told me that OPTION™ would change my life. I can't begin to tell you how much your Ostomy Support Barrier has done for me; no more leaks which helped my confidence. I go out in the company of others and even exercise again. I could even say that there are times I even forget I have an ostomy! They are reasonably priced too. Thank you for marketing them so other Ostomates could have the benefit of having a product that will do so much for them. Thanks again."

*Joseph Seiden, Ostomate, Harrisville, PA*

"For 39 years I have been an ileostomate. The OPTIONS™ Ostomy Support Barrier is considered a genuine breakthrough because for the first time all Ostomates now have a choice of nifty, aesthetically pleasing items that not only incorporate a skin protective moisture barrier but also discreetly conceal pouch contents while supporting the weight of a full pouch."

*Elizabeth McConnell, Ostomate, and RNET  
 Harrisburg, PA*

"After reviewing OPTIONS™, I am convinced this unique product is a valuable contribution and a medical necessity to the well being of Ostomates worldwide. This product will totally change what 2.5 million Ostomates come to rely on to prevent leakage, as well as accommodating their functional needs. Quite simply, they will stop using products designed for the non-ostomate and come to use what has been created especially for them by an Ostomate."

*Michael O. Blackstone, MD, Associate Professor of  
 Gastroenterology  
 University of Chicago, Chicago, IL*

"OPTIONS™ products are wonderful! They offer freedom of movement and comfort in keeping the pouch away from my skin. Almost like not wearing a pouch. Different designs also offer the illusions of not wearing pouches during intimate times."

*Shirley Levin, Ostomate, Past President and VT  
 North Suburban Chicago UOA Chapter, Chicago, IL*

## ANNOUNCING!

OPTIONS™ exclusively distributed by **edgepark** Medical Supplies

### HOW THIS HELPS 'YOU':

- **Edgepark** will make ordering and insurance processing Hassle-Free!
- **Most health plans cover OPTIONS™ - Saves you money**
- **20% Discount if no insurance OR your insurance does not cover**
- **Edgepark** handles more than 1,000 insurance contracts
- Order all your ostomy supplies from one place
- Reordering program available - FREE shipping

### OPTIONS™ Support VIRTUALLY ELIMINATES LEAKS 24-HOURS FOR DAY, SLEEP AND INTIMACY:

- Supports weight of contents, which relieves pull on stoma seal and prevents leakage, burning and itching
- Protects and eliminates pull on adhesive seal of wafer - extending wear time of wafer
- Prevents ballooning

### OPTIONS™ CREATES A Barrier BETWEEN SKIN, POUCH AND WAFER:

- Absorbs moisture, preventing rashes and skin breakdown from pouch and wafer
- Prevents feeling pouch, heat or tail closure
- Reduces pouch rustle
- Easy access for intimacy
- Fits all manufacturers' pouching systems

LADIES' SIZE CHART				
Order Size	Small 4-5	Medium 6-7	Large 8-9	XL 10
Hip Size	33"-37"	37" - 41"	41"-45"	45"-47"

MEN'S SIZE CHART				
Waist Order	32-34 Small	36-38 Medium	40-42 Large	44-46 XL

### LARGE SIZES and CHILDREN'S SIZES available upon request.

**DO NOT** change size because of pouch - order **TRUE** size. Access for urostomy tubing on every product. If stoma is under or above waistband, please contact customer service for special order.

Designed for a discreet appearance and to provide a flatter abdominal profile: when the pouch is contained within the **SUPPORT** it provides a larger area across the lower abdomen for the pouch contents to be evenly distributed providing concealment. To further conceal and prevent ballooning, it is also recommended that an 8" or longer pouch be used.

#### How to use:

1. Separate closure on Barrier / Support then pull up front of garment to waist
2. Bring right and left panels behind pouch then close at waist.
3. Tuck in pouch and direct tail to opposite side then pull up front of garment.

**Easy to Empty:**  
 Front outer panel designed to pull down to empty 8" or longer pouch between legs.

*A Patented OPTIONS™ built-in OSTOMY BARRIER/SUPPORT in every product - comfortable 100% Cotton absorbs/wicks moisture away from skin*

## MENS

932AB  
 Gray
